

SEDO-AMAZOM GROUP eSOLUTIONS OPPORTUNITIES

We envision a world made environmentally friendly through global adoption and growth of the sharing and circular economies. A world in which the lifespan of electronics is extended to the point where mining waste and landfills are a thing of the past.

The Problem

Sedo-amazom group has a few ecommerce businesses selling online goods and services as:

www.montecristo.online

www.luxurybrands.store

www.kitmybag.com

www.fosterdomain.com

We offering goods for ecommerce for our currency which is Jupiter.

We having stock from main online players on the net as Ali-express, Alibaba, DX, Amazon, Ebay, Etsy and others.

We have a good volume of sales each day.

We can estimate our brand evaluation in digital currency as 300000000 Jupiters.

The Solution: Blockchain

- **Building** Trust in a Trustless Environment
- **Eliminating** the Risk of Frauds and Scams
- **Reducing** Transaction Costs and Time
- **Tracking** Product Movement

Sedo-Amazom Group eSolutions: Supporting a Sustainable Future

Sedo-Amazom Group eSolutions aims to create a “green” global marketplace for consumer goods. The company sells those goods at discounted rate online. The entire business process is managed by Jupiter Digital.

Centralized and decentralized platforms create the Sedo-Amazom Group eSolutions hybrid ecommerce ecosystem and focused on selling, while Jupiter Digital is a decentralized P2P buy-and-sell platform.

★ Launched April 2018.

★ Exclusive partnership with Doba, AliExpress, Amazon, Ebay
★ Overseas support

The Jupiter token is exciting not only in that it can be used on the Sedo-Amazon Group eSolutions marketplace, but also because of the buyback and burn model employed in conjunction with a very generous value protection mechanism. Just another way we can say thank you to our supporters.

Upgraded services, such as accreditation of verified and /or featured suppliers.
Jupiter tokens can be used on Sedo-Amazon Group eSolutions sites for purchases. The redeem value of each JUP token in the marketplace will be current token market price (according to coinmarketcap.com).
Note: a 5% token-back reward on purchases will be issued at the end of each month.

Market Buyback and Burn Model

20% (for total) of Sedo-Amazon Group eSolutions' quarterly profits will be used to buy back Jupiter issued tokens from the market and 'burn' at least 50% of them.

Sedo-Amazon Group eSolutions offers a Buyback and Burn value disbursement method, which is both efficient and transparent, and which will not be considered as securities according to regulators, there by not subject itself to government interference.

Sedo-Amazon Group eSolution will systematically buy Jupiter Tokens on exchanges and "Burn" them. "Burn" means that purchased tokens will be taken off the market permanently, resulting in a decreased total number of Jupiter Tokens, thereby increasing the value of remaining JupiterTokens over time.
