Jupiter Digital eSolutions: Supporting a Sustainable Future

Jupiter Digital eSolutions aims to create a “green” global marketplace for consumer goods. The company sells those goods at discounted rate online. The entire business process is managed by Jupiter Digital.

Centralized and decentralized platforms create the Jupiter Digital eSolutions hybrid ecommerce ecosystem and focused on selling, while Jupiter Digital is a decentralized buy-and-sell platform.

★ Launched April 2018.

★ Exclusive partnership with Doba, AliExpress, Amazon, Ebay
★ Overseas support

The Jupiter token is exciting not only in that it can be used on the Jupiter Digital eSolutions marketplace, but also because of the buyback and burn model employed in conjunction with a very generous value protection mechanism. Just another way we can say thank you to our supporters.

Note: a 20% token-back reward on purchases will be issued at the end of each month.

Market Buyback and Burn Model

20% (for total) of Jupiter Digital eSolutions quarterly profits will be used to buy back Jupiter issued tokens from the market and 'burn' at least 50% of them.

Jupiter Digital eSolutions offers a Buyback and Burn value disbursement method, which is both efficient and transparent, and which will not be considered as securities according to regulators, there by not subject itself to government interference.

Jupiter Digital eSolutions will systematically buy Jupiter Tokens on exchanges and "Burn" them. "Burn" means that purchased tokens will be taken off the market permanently, resulting in a decreased total number of Jupiter Tokens, thereby increasing the value of remaining JupiterTokens over time.
